Whatever your building or maintenance requirements, we can help you.

- We provide free detailed quotes and professional advice.
- We survey and provide design services for Planning Permission and Building Regulation approval.
- All aspects of building works undertaken, from new build to general repairs.
- We have a portfolio of building work available for you to see.
- References available on request.
- £5,000,000 Public Liability and £10,000,000 Employees Insurance.
- Punctual and polite we always commence work on time.

We are a professional,

highly organised construction company that you can trust. We carry out work for both domestic and

Extensions or Conversions

Castlebrook Developments are happy to discuss your ideas and provide advice on Planning Permission requirements, along with the correct method of construction to meet the requirements of the Building Regulations.

We can take your ideas and work with you to develop your design, producing detailed drawings for, if required submission to the Local Authority.

If Planning Permission has already been obtained, we are able to liaise with you or your Architect in order to provide a quotation for the works. We will use our expertise to advise you on ways to obtain best value for money on the project.

Kitchens

Castlebrook Developments can design, supply and install any style of kitchen, from traditional solid oak units and worktops to modern high gloss units with polished granite work surfaces.

We are also happy to install both flat packed and pre-assembled kitchens which our clients have purchased from any of the leading DIY chains. Having considerable experience installing all of the best selling systems, we are confident that we can install your kitchen for 33% less than the DIY chain stores own written quote.

Castlebrook Developments can also undertake any

A kitchen installed by Castlebrook Developments Ltd

additional work required, such as alterations to walls, windows or doors etc. Modern laminate flooring or tiling can also be installed to complete your kitchen and new lighting installed as part of our service.

Bathrooms

Castlebrook Developments can help design and then install your new bathroom to create a truly stunning finish. Our skilled professionals are experts in bathroom design solutions, from fitting your suite, right down to the flooring and tiling. Installing heated towel rails, built-in cupboards and fittings. Modern lighting can all be accommodated as part of our service.

Windows and Doors

Castlebrook Developments can replace your old windows and doors with modern uPVC alternatives, which will enhance the character of your home.

Not only do our window systems have a great appearance they provide low maintenance and increased security as all our frames are fitted with multi-point locking as standard.

Castlebrook Developments can also undertake any additional work required, such as alterations to walls to incorporate patio doors or bathroom windows.
